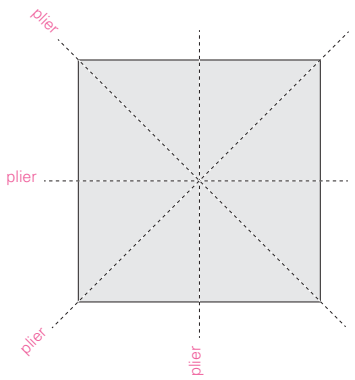
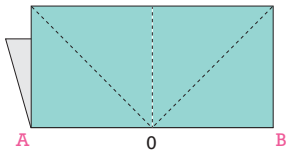
pliage “Origami papillon” - mode d’emploi

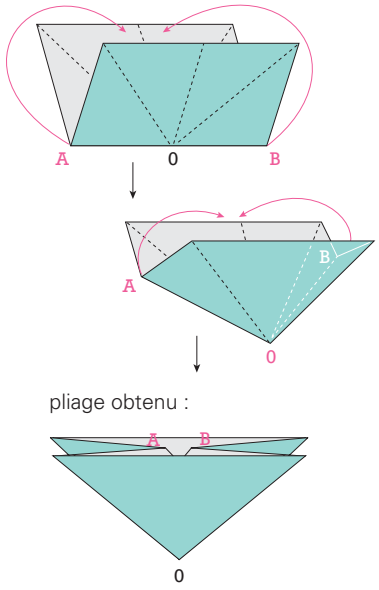
1 plier le carré de papier selon les pointillés



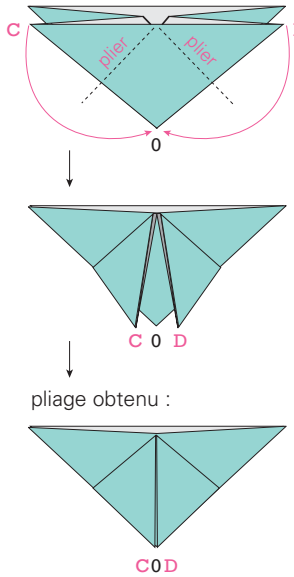
2 plier en deux, face imprimée (en vert) côté table



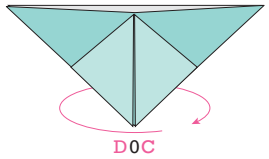
3 plier vers l’intérieur les pointes A et B



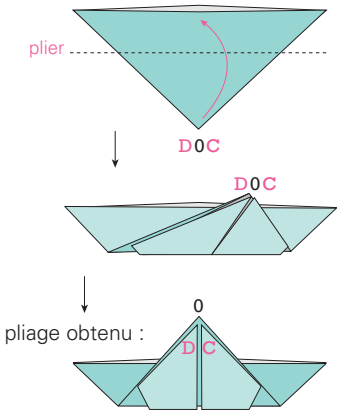
4 plier les pointes C et D vers le point O



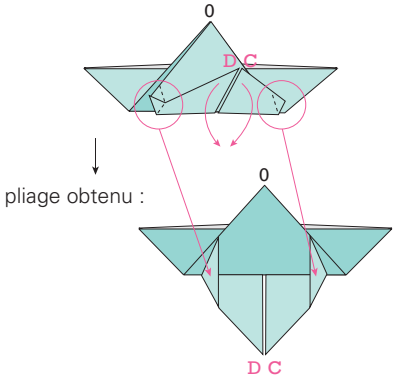
5 retourner le pliage à 180°



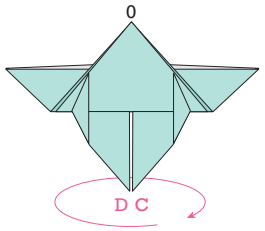
6 plier la pointe (DOC) vers l’intérieur



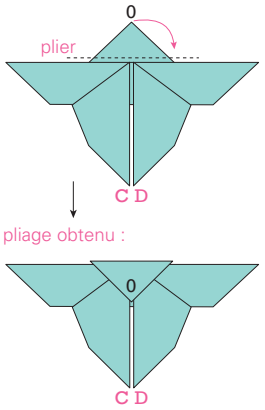
7 déplier les pointes D et C vers le bas et plier les côtés entourés



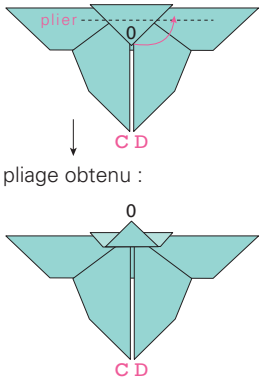
8 retourner le pliage à 180°



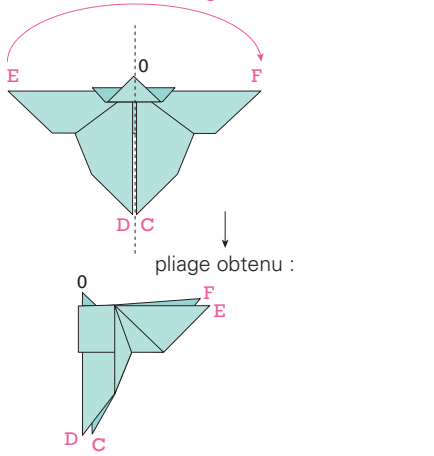
9 plier la pointe O vers l’intérieur



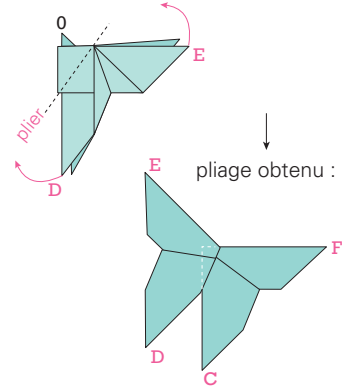
9 replier la pointe O vers l’extérieur



10 plier en deux selon le pointillé (ramener le côté gauche sur le côté droit)



11 replier les pointes ED selon le pointillé



12 faire de même avec les pointes FC

13 laisser s’envoler le papillon !
